The Unified Schools of St. Mary Magdalen & St. John the Evangelist

The Unified Schools of St. Mary Magdalen & St. John the Evangelist offer a **strong, well-rounded academic curriculum, grounded in faith**, with an **emphasis on science and technology**. This **dynamic and diverse learning environment** provide every enrolled child in **grades PK-8** with the opportunity to thrive and be successful in a global society.

Our unified schools serve families from different cultures and faiths who share a commitment to Catholic schools. Our schools excel at differentiating both instruction and school structure in order to offer the opportunities that parents want and that children need. **Partnering with parents for the education of their child is part of our core mission.**

Children can be enrolled in the pre-kindergarten program as early as age 3. This popular and nurturing program affords young, working families the benefit of an excellent, structured, safe, and developmentally appropriate preschool experience.
